Chiropractor

[Russ Jameson](#) from [Lake Deaton Sandhills](#) · 5h ago

I would like to recommend a relatively new chiropractor in The Villages, FL. Her name is Dr. Cheryl McFarland Bryant, and her office is in Pinellas Plaza. I have been seeing her for a sciatica problem, but she treats the full range of back pain issues. Her techniques are a little different and more gentle than those of other chiropractors I have seen over the years. In my case, she uses the drop table and a special spinal adjustment tool and also a traction table to stretch my spine and restore the space between vertebrae and relieve nerve impingement. I have found these techniques to be very effective in reducing and eliminating my sciatica pain. Her manner is very professional and engaging, and her office personnel are efficient and friendly. I recommend Dr. Cheryl McFarland Bryant for chiropractic treatment. Her office phone is 352-750-6325.
